

NIKO ALTER — TECHNICAL RIDER & HOSPITALITY (2026/2027)

Style: Techno / Electro / Dub Electro

Format: Hybrid DJ Set (4 Decks)

Technical Contact: Niko Alter — [+33 6 65 19 99 75] — contact@nikoalter.fr

1. DJ BOOTH & EQUIPMENT REQUIREMENTS (HYBRID 4-DECK SETUP)

The sound system and DJ equipment must be fully installed, cabled, and tested before the artist's arrival for soundcheck. The setup strictly requires ****4 active decks running simultaneously****.

A. Turntables, Media Players & Mixer

2x Vinyl Turntables: Technics SL-1200 or SL-1210 (MK2 / MK5 / MK7) or Pioneer PLX-1000.

Note: Turntables must be fitted with high-quality cartridges (e.g., Ortofon Concorde Mix/DJ or equivalent) with brand new or excellent condition styli/needles.

2x Digital Media Players: Pioneer CDJ-2000 Nexus 2 or Pioneer CDJ-3000.

Note: All CDJs must be linked together via an RJ45 switch (Link functionality must be fully working).
1x DJ Mixer (Minimum 4 channels): Pioneer DJM-900 Nexus 2 or
Allen & Heath Xone:96 (Xone mixer preferred for precise frequency control).

B. Acoustic Isolation (Crucial)

Due to the use of vinyl records at high club volumes, the DJ booth and the turntable support surface must be completely isolated from vibrations and low-end feedback (subwoofers under the stage).

Please provide professional anti-vibration platforms (such as Isonoe feet, concrete slabs on high-density foam, or Luke ASB isolation cradles).

2. STAGE CONFIGURATION & ACCESSORIES

Performance Space: A stable, heavy-duty DJ booth/table (standard height: approx. 90-100 cm).

The desk space must be wide enough to arrange the equipment inline from left to right:

CDJ / Turntable / Mixer / Turntable / CDJ.

Power Supply: A power strip with at least 4 available sockets (Schuko) on the DJ desk for the artist's backup gear.

Monitors (Booth):** 2x Professional stage monitors (L-Acoustics, d&b, or Adamson) placed at ear level, independently adjustable directly from the mixer (Booth Volume).

3. HOSPITALITY & LOGISTICS

Green Room: A secure, lockable room to store record bags and personal equipment.

Drinks & Catering (DJ Booth & Green Room):

- * Still mineral water (sealed bottles)
- * Fruits juice
- * A selection of local beers
- * Light snacks (vegan food)
